Expedited Hearing Request Instructions & Procedure

EXPEDITED HEARING REQUEST

The Commission processes all cases as quickly as possible, but certain circumstances may grant an expedited hearing **only** where an Award already has been entered by the Commission in favor of the injured worker. The Commission decides whether to grant an expedited hearing on a case-by-case basis.

You may be granted an expedited hearing if you establish **each** of the following:

1. You had an Award of compensation benefits that was suspended because the employer/insurer filed an Employer's Application for Hearing, or you have asked the employer/insurer for additional wage loss benefits or medical treatment, and your request has been denied; and

2. That failure by the Commission to grant an expedited hearing will cause you to suffer *severe economic hardship through loss of income or by incurring medical expenses.

*SEVERE ECONOMIC HARDSHIP

If you will suffer immediate and severe economic hardship because wage loss benefits were stopped or denied:

- Submit a list of <u>all sources of income available to you</u>, such as other wages, disability payments, investments, spousal wages, or other types of family support.
- Submit the names and ages of dependents, if any, that you must support.
- · Submit documentation showing any imminent or threatened foreclosure or eviction actions due to your inability to pay for housing.
- Submit documentation showing any imminent or threatened repossession of personal vehicles that are necessary for continued employment or for medical treatment visits.
- Submit any other documentation showing that your <u>immediate ability to provide food, clothing and shelter will be threatened</u> without an expedited hearing.

In exceptional cases, the Commission may grant an expedited hearing to decide whether the employer/insurer is responsible for **emergency medical treatment** that is recommended by your physician **but denied by the employer/insurer**:

• Submit a <u>doctor's statement that the medical procedure is necessary as an emergency,</u> and failure to have it will result in <u>immediate and severe deterioration of your physical or mental condition.</u>

The Commission may also grant an expedited hearing where the employer/insurer denies responsibility for **medical expenses you have already incurred**, and you establish that further treatment will be withheld if payment is not made and discontinuation of treatment will **threaten your life** or result in **immediate and severe deterioration of your physical or mental condition:**

· Submit a statement demonstrating the cost of these medical expenses, and a declaration of your inability to pay for them.

PROCEDURE

If your Request for Expedited Hearing application is completed and is supported by appropriate evidence, as indicated above, it will be referred for further processing. The employer/insurer will be advised of your Request, and will be allowed to respond. The parties will then be contacted to arrange an informal conference to discuss and focus the issues, address the parties' pre-hearing concerns and determine whether the factual and legal issues of the dispute are appropriate for an expedited proceeding. The Commission will decide to grant an expedited hearing during the conference, or in writing within seven (7) days thereafter. If granted, you will receive a hearing no less than ten (10) days, nor more than twenty-eight (28) days after the hearing is granted.

If you believe you qualify for an expedited hearing,
(1) fill out this form completely; (2) attach information supporting your request; and (3) send to:

Expedited Hearing
